

TorontoPubs' TTC Loop Pub Crawl

Notes on this pub crawl: I have selected the best pub in the TTC station area for a pub crawl, not necessary the one I would go to for the entire afternoon or evening. But what do I know? This is 14 stops, so a half-pint or sharing a pitcher with friends might be wiser than a full pint at each. Also keep in mind that the Museum Tavern is a bit snooty, but you're stuck with what's local. Finally, some pubs are closer to one another than actually walking back to the TTC station taking it one stop and then walking to the next pub, but that's the charm of a TTC pub crawl -- a bit of a breather between pints. The map is from OpenStreetMap and the 14 pubs are in black.

Notes on pub crawls in general: consider at least 45 minutes per pub visit and let your server know that you having just one drink and then moving on into the fizzy night so she/he knows that you'll need your bill quickly. Pay by cash so you aren't waiting for the credit card/debit machine and tip generously as you may be back one day for longer than just one drink. Check the pub's website/Twitter in case they have an event that night. Also keep in mind the day and time, Saturday nights with the FIFA World Cup's final on is not the best night for said pub crawl, but it is one of the best times to be in a pub.
